After selecting a game, will you be able to see what referee positions are available. Click the **Add** button next to desired position to sign up for game. If already scheduled, click **Remove** to be removed from game. If the game date is less than 7 days away, you will

need to contact the Referee Coordinator to be removed from game. It is your obligation to know what games you are scheduled. Referees will be assigned a **Referee Level** by the league. This may limit your ability to assign yourself for games. Referees can only work games at an appropriate skill level based upon experience. Contact the Referee Coordinator to find out what your Referee Level is and how to get it increased.

Reports

The links under the **Reports** submenu of the **Administrator Functions** page provides information not available to the general website users. Access to each report varies depending upon the security level of the User. Simply click the link to the desired report to view the data. Referees currently have access to two reports. Those are Referee Schedule (By Referee) and Referee Schedule (By Date).

The **Referee Schedule (By Date)** report lists all scheduled games with the name of the assigned Center Referee, Assistant Referee 1, and Assistant Referee 2 for divisions U-10 and above. It shows the date, time, field, division, gender, and referee's names for each game. The report is sorted by date and field and lists every game in the schedule, regardless of whether any referees are assigned. It is used by the Referee Coordinator to see the entire week's schedule at a glance to quickly find any games without a referee scheduled.
